## **Declaration of System Qualification**

**This is to certify that software and hardware products developed by Thermo Fisher Scientific's Madison, Wisconsin, development and manufacturing site have been designed, tested, and manufactured in accordance with that site's ISO 9001 compliant Product Development Process. Development is monitored with business plan reviews, quality audits, technical reviews and complete system validation. Compliance of design elements to product, design and validation specifications is verified through a traceability matrix. The precision and accuracy of software code and algorithms are verified through an approved test plan, release candidate testing and documented test results. This ensures that you receive quality hardware and software products from Thermo Fisher Scientific Inc.**
