Dear Directors,

This is in continuation of my earlier letter of 7th Dec' 2017 with regard to sharing of research facilities / major requirements. Based on your inputs and subsequent validation, the compendium is getting finalised.

As indicated earlier in my letter, the portal for sharing of research facilities is now emerging as a national portal I-STEM : Indian Science, Technology and Engineering Facilities map. IISc, Bangalore has been entrusted the responsibility of creating and launching this I-STEM portal to facilitate access to these research facilities through online reservation system. (<http://www.i-stem.ac.in>)

You are requested to furnish information about existing facilities and share these information as per the specified format (provided by I-STEM - attached) through email at sanjeevs@iisc.ac.in and a copy marked to Head, DGTC at achakraborty@csir.res.in. For further details, you may establish contact with:
