Dear Postdoctoral Fellows and PhD Scholars,

The Indian Science, Technology, and Engineering facilities Map ([I-STEM](#)) is an interactive web portal with R&D equipment and facilities across various institutions throughout the country. I-STEP is conceived and supported by the Office of the Principal Scientific Adviser (PSA).

I-STEM is proposing to provide Ph.D. scholars and postdoctoral researchers with access to software like COMSOL, MATLAB, LabVIEW, and CONVERTER. These powerful tools are designed to support and enhance your research journey, enabling you to achieve ground-breaking results.
