

Respected Sir/Madam,

I hereby request approval to access COMSOL Multiphysics through the I-STEM national portal. This software will be used for simulation and modelling of fibre optic sensors.

The COMSOL license provided by I-STEM is centrally hosted and will allow me to perform the necessary simulations without requiring an individual institutional license. My registration on the I-STEM portal is complete, and I am ready to initiate the request once I receive your formal approval.

I kindly request you to approve my access so that I can proceed with the registration and usage as per I-STEM guidelines.

Regards,

A handwritten signature in cursive script that reads "Uttara Biswas". The signature is written in dark ink on a light blue rectangular background.
