

To,

Dr. Nikhila Patil

Faculty, Instrumentation and Control Engineering
COEP Technological University, Pune

Subject: Request for Faculty Approval for Gas Sensor Project

Respected Ma'am,

I am **Rushabh Varule**, a **Second-Year B.Tech. student in Instrumentation and Control Engineering** at COEP Technological University. I am currently working under your guidance on a **Gas Sensor Project**.

As part of the project, I need to use **COMSOL** for the required simulation and analysis. To access the software through the academic facility, I am required to submit a **faculty approval document**.

Therefore, I kindly request you to grant your approval for my **Gas Sensor Project and the use of COMSOL** for academic purposes. Your approval will allow me to complete the necessary registration and proceed with the project work.

I assure you that the software and associated resources will be used solely for academic and project-related purposes.

Thank you for your time and consideration.

Yours sincerely,

Rushabh Varule

Second Year B.Tech.
